Skills

- **Front-end:** HTML, CSS, JavaScript, jQuery.
- **Back-end:** Python, SQL / NoSQL,
- **Frameworks:** Bootstrap, Flask and Django.
- **Remote Working**: All of my software development training has been done remotely.
- **Strong communication skills**. Being able to communicate with the team, my mentor, technical support and the greater slack community.
- **Well-developed organisational and time management skills**. Being able to multitask between high and low priority tasks, and have a good work and life balance.
- **Ability to work independently and part of a team**.
- **Motivator**: I have chosen this career change based on the strengths I have gained throughout my working life and the knowledge I have acquired through my education. I am self-motivated to achieve this career change and pursue my goals and love for technology.

Hobbies

I enjoy listening to audiobooks and podcasts, It's incredible how many books you can get through when you listen to them, Knowledge is addictive, and I am a fan of never stopping learning. Reading Web Development blogs about what is happening in the world of software development, CSS-Tricks, Medium, and Dev are my favourites, as there is so much to read and use.
